

CREATIVE INDUSTRIES - MUSIC

ACADEMIC

Grade 11/12

Curriculum Guide

CREATIVE INDUSTRIES - MUSIC

Prerequisite: None

Course Description:

This elective introduces learners to the diverse nature of the creative industries, particularly the Music industry. It aims to equip learners with the knowledge necessary to understand the creation, production, presentation, promotion, and consumption of creative outputs within the realm of Music. Emphasis is placed on the relationships among participants in the creative sector, industry trends, relevant laws and regulations, and the economic and practical applications of music skills within local and global artistic communities.

Elective: Academic

Time Allotment: 80 hours for one term

Content Standard:

- The learner demonstrates understanding of the creative industries' related laws and regulations, practices, applications, and ethical considerations; music elements, materials, and techniques; and the proper use of materials, tools, equipment, and facilities in production processes in the local and global contexts of Music.

Performance Standard:

- The learners execute music techniques, skills, and proper use of materials, tools, equipment, and facilities in mounting creative works related to the mapped creative industries in their specific communities as defined by relevant laws within local and global contexts.

LEARNING COMPETENCIES	CONTENT
<i>The learners...</i> 1. discuss the historical development of music within the Philippine creative industries and its impact on Philippine society and everyday cultural practices;	I. Overview of Music in the Philippine Creative Industries A. Historical Development of Music in the Philippines 1. Pre-colonial period 2. Colonial period 3. Post-colonial and contemporary periods 4. Music within the Philippine Creative Industries B. Local and Global Cases and Situations 1. Practices, applications, and ethical considerations

LEARNING COMPETENCIES	CONTENT
	2. Intercultural sensitivity C. The Music Artistic Workforce as Creative Enablers
2. explain the relevance and implications of prevailing creative industry laws and other legal matters for music production;	II. Policies Governing Creative Industries A. Philippine Creative Industries Act (RA no. 11904) 1. Creative Industry Domains Relevant to Music: • Performing Arts Domain • Audiovisual Media Domain • Digital Interactive Media Domain • Creative Services Domain • Traditional Cultural Expressions Domain B. World Intellectual Property Organization (WIPO) C. Intellectual Property Office of the Philippines (IPOPHL) D. Intellectual Property Rights (RA no. 8293) as applied to music 1. Copyright and neighboring rights 2. Moral and economic rights 3. Licensing and performance rights E. Real-World Intellectual Property Concerns 1. Copyright infringement 2. Fair use and Creative Commons 3. Plagiarism and sampling issues 4. Generative artificial intelligence (AI) and music ownership F. Department of Economy, Planning and Development (DepDev) and RA no. 11904 Implementation in relation to Music 1. DepDev's specific responsibilities under RA no. 11904 2. Alignment with the Philippine Development Plan (PDP)
	III. Industry Mapping A. Process of industry mapping

LEARNING COMPETENCIES	CONTENT
3. conduct industry mapping for the music sector to represent the roles, relationships, and interdependencies of key players within the industry;	B. Key players in the music industry (e.g., composers, arrangers, performers, producers, sound engineers, managers, promoters, distributors, critics) C. Roles, responsibilities, and corresponding rights of music artists and creatives
4. analyze how the elements of music interact and contribute to the overall impact of a music performance or composition;	IV. Elements of Artistic Expression in Music A. Elements of Music: Melody, Harmony, Rhythm, Texture, Timbre, Form, Dynamics B. Organic unity in music performance 1. Content 2. Form 3. Audience reception
5. examine potential safety hazards and risks associated with music practices and processes to evaluate the effectiveness of safety protocols; and	V. Safety Protocols and Procedures in Music A. Physical factors in the work environment (e.g., acoustics, stage setup, electrical equipment) B. Safety training for musical instruments and equipment C. Risk assessment and management in rehearsals and performances D. Workspace safety and hazard control E. Proper care and maintenance of instruments and equipment F. Musicians' body mechanics and hearing protection <i>NOTE: This topic/content may be incorporated into the Apprenticeship Courses.</i>

LEARNING COMPETENCIES	CONTENT
6. create a music performance or composition that integrates elements, skills, and techniques, demonstrating originality and artistic expression.	VI. Artistic Expression in Music A. Elements of music in performance and composition B. Voice and/or instrument training C. Ensemble coordination D. Rehearsal and staging E. Performance criteria and evaluation

GLOSSARY

<i>Artistic expression</i>	the process of conveying ideas, emotions, perspectives, and experiences through various art forms.
<i>Ergonomics in Music Performance</i>	the design of the music environment and the promotion of proper musculoskeletal health and body mechanics during music performance
<i>Copyright</i>	the legal protection extended to the rights holder of an original work
<i>Creative Industry</i>	refers to the trades involving persons, whether natural or juridical, that produce cultural, artistic, and innovative goods and services originating in human creativity, skill, and talent and having a potential to create wealth and livelihood through the generation and utilization of intellectual property. Creative industries include those directly or indirectly involved in the creation, production and manufacturing, performance, broadcasting, communication and exhibition, or distribution and sale of works and other subject matter, in accordance with existing laws, rules and regulations on intellectual property rights protection (Republic Act 11904)
<i>Creative work</i>	an original artistic, literary, musical, theatrical, audiovisual, or design output that expresses creative ideas and may be protected by intellectual property laws
<i>Intellectual Property (IP)</i>	creations of the mind, including literary and artistic works, inventions, designs, symbols, names, images, and other intangible assets that may be legally protected

Industry Mapping

a systematic process of identifying and analyzing the key stakeholders, roles, relationships, networks, and structures within an industry to understand how its various sectors and participants interact and contribute to its development.

Mounting

the process of preparing and presenting a production or performance
