

ARTS APPRENTICESHIP (MUSIC)

ACADEMIC

Grade 12

Curriculum Guide

ARTS APPRENTICESHIP

(Music)

Prerequisites: Filipino Identity Through the Arts, Leadership and Management in the Arts, Performance Criticism and Creative Markets

Course Description:

This elective subject offers an intensive period of acquiring, understanding, and developing proficiency in music through hands-on training in available music organizations and/or businesses, art centers, production houses, independent artists, and community-based art/cultural groups. It intends to enrich the learner's skills in his/her chosen field, emphasizing Filipino artistic cultural values, work ethics, and traditions while contributing to local and global creative music industries.

Elective: Academic

Time Allotment: 160 hours for one term

Content Standard:

- The learners demonstrate understanding of the roles of music artists, music production processes, professional practices, and ethical standards through apprenticeship experiences within music organizations and creative industry settings.

Performance Standard:

- The learners synthesize apprenticeship experiences that reflect the learner's musical knowledge and skills in his/her chosen field, emphasizing work ethic through performance and creative documentation.

GLOSSARY

Apprentice – A person who learns trade or art through practical experience under the guidance of skilled workers or practitioners.

<https://www.merriam-webster.com/dictionary/apprentice>

Arts Apprenticeship – A system of training where an aspiring artist learns and develops artistic skills under the guidance of a master artist or experienced practitioner.

Art Production – The creation of various forms such as music, theater, and dance.

Developmental Portfolio – A portfolio that documents a learner's progress, growth, and development over time.

Music Production – A multidisciplinary process that integrates artistry, technology, business, and ethics to bring music from creation to audience consumption.

Occupational Safety and Health (OSH) – A multidisciplinary field concerned with the safety, health, and welfare of people in the workplace. Its primary aim is to prevent work-related injuries, illnesses, and hazards through safe and healthy working practices.

Recording Industry – The sector of the music industry responsible for recording, producing, distributing, and marketing music and other audio recordings.

Showcase Portfolio – A portfolio designed to present a learner's best quality work and demonstrate artistic skills, achievements, and competencies.
