

IN-CAMPUS FIELD EXPOSURE FOR SPORTS

ACADEMIC

Grade 12

Curriculum Guide

IN-CAMPUS FIELD EXPOSURE FOR SPORTS

Prerequisites:

Human Movement 1 (Basic Anatomy in Sports and Exercise), Human Movement 2 (Motor Skills Development), Sports Coaching, Sports Officiating, Sports Activity Management, First Aid, Fundamentals of Basic Life Support

Course Description:

In-campus Field Exposure for Sports provides learners with hands-on experience in sports-related, recreational activities, first aid and basic life support within the school environment. This program allows learners to apply classroom knowledge by assisting in physical education classes and sports training, managing sports events (intramural programs), coordinating teachers and students' fitness programs, and maintaining and handling sports equipment. This in-campus immersion serves as foundation to succeed in real-world sports and fitness settings.

Elective: Academic

Time Allotment: 160 hours for one term

Content Standard:

- The learners demonstrate understanding of the integration of knowledge, skills, and values in school immersion experiences as a means to develop their potential

Performance Standard:

- The learners apply practical skills through supervised hands-on activities that promote skill development, personal growth, and preparation for future career opportunities
