for Learning Competencies**

**TECHNICAL-PROFESSIONAL
AESTHETIC, WELLNESS, AND HUMAN CARE
Grade 11**

**Three - Term Budget Of Work
For Learning Competencies**

Please note that each Tech-Pro elective is completed in three terms if delivered at Grade 11.

Elective	Aesthetic Services (Beauty Care)	
Prerequisite	None	
1 st TERM		
Performance Standard	The learners perform nail care procedures.	
Content Standard	The learners perform nail care procedures.	
Week	Learning Competency	Suggested Activities
1-2	Discuss principles of beauty care services	Activity 1: Beauty Care Principles Brainstorm Task: In groups, list and discuss the principles of beauty care services and how they impact client satisfaction. Activity 2: Beauty Care Case Analysis Task: Analyze scenarios where beauty care principles are applied or ignored, and suggest solutions.

Week	Learning Competency	Suggested Activities
3-4	Discuss beauty care services	Activity 1: Beauty Services Presentation Task: Research one type of beauty care service and present its benefits and applications to the class. Activity 2: Services Comparison Discussion Task: Compare and contrast different beauty services and identify target clientele for each.
5-6	Explain the importance of understanding the nail anatomy	Activity 1: Nail Anatomy Diagram Task: Label the parts of a nail on a diagram and explain the function of each part. Activity 2: Nail Anatomy Quiz Task: Complete a short quiz testing knowledge on nail structure and its relevance in nail care.
7-8	Discuss the importance of safety and hygiene practices	Activity 1: Hygiene Demonstration Practice Task: Demonstrate proper sanitation techniques for tools, workspace, and client interaction. Activity 2: Hygiene Role Play Task: Simulate client-service scenarios highlighting safety and hygiene protocols.
9-11	Perform spa and nail care procedures following industry standards	Activity 1: Manicure & Pedicure Lab Task: Perform basic manicure and pedicure procedures following industry standards. Activity 2: Peer Evaluation Task: Evaluate a classmate's nail care procedure using a checklist of safety and quality standards.
Suggested Performance Task	Individual Performance Task: Spa and Nail Care Procedure Guide	

Week	Learning Competency	Suggested Activities
	Task: Choose one spa or nail care service (e.g., manicure, pedicure, hand spa, foot spa). List the step-by-step procedure and include proper hygiene, safety, and sanitation practices. • Group Task: Spa and Nail Care Demonstration Task: As a group, perform a basic spa or nail care service following industry standards. Demonstrate proper: • Client preparation • Tool sanitation • Step-by-step service procedure • Aftercare advice	
2ND TERM		
Performance Standard	The learners perform skincare services.	
Content Standard	The learners demonstrate an understanding of skincare services.	
1	• Discuss skincare concepts and safety considerations for skincare services	Activity 1: Skin Types Discussion Task: Identify common skin types and conditions and discuss precautions for each during skincare services. Activity 2: Skincare Case Study Task: Analyze client scenarios to determine safe and effective skincare approaches.

Week	Learning Competency	Suggested Activities
2	Discuss tools, equipment, and products used in skincare services	Activity 1: Skincare Tools Show & Tell Task: Present skincare tools and products and explain their functions and proper usage. Activity 2: Tools Matching Exercise Task: Match tools, equipment, and products to their correct use in skincare procedures.
3	Explain the different skincare procedures	Activity 1: Procedure Presentation Task: Present a specific skincare procedure including steps, purpose, and safety precautions. Activity 2: Skincare Flowchart Task: Create a flowchart showing the sequence of steps in a skincare procedure highlighting safety measures.
4-5	Perform basic skincare procedures by following safety industry standards	Activity 1: Facial Procedure Lab Task: Perform a basic facial procedure following industry safety standards. Activity 2: Reflection Journal Task: Write a reflection on challenges faced and how safety standards were applied during the procedure.
6-7	Create innovative and sustainable basketry products using weaving techniques	Activity 1: Innovative Basket Design Task: Design and create a basket using sustainable materials and innovative weaving techniques. Activity 2: Group Creative Project Task: In groups, design and produce a unique basket product that is functional, sustainable, and decorative.

Week	Learning Competency	Suggested Activities
Performance Standard	The learners perform simple makeup and special occasion makeup following safety guidelines in makeup services.	
Content Standard	The learners demonstrate an understanding of the basic concepts in makeup services.	
8-9	Discuss key concepts of makeup services	Activity 1: Makeup Services Brainstorm Task: List and discuss different types of makeup services and their applications. Activity 2: Makeup Video Analysis Task: Watch makeup tutorials and identify techniques, tools, and products used.
10	Discuss the functions of makeup products, tools, and equipment	Activity 1: Tool & Device Brainstorm Task: List and discuss different types of products, tools, and equipment
11	Demonstrate makeup application techniques following safety guidelines in makeup services	Activity 1: Product Identification Task: Identify makeup products and tools, explaining their functions and uses. Activity 2: Makeup Function Quiz Task: Complete a quiz matching products and tools to their correct purpose.

Week	Learning Competency	Suggested Activities
Suggested Performance Task	Individual Performance Task: Makeup Application Safety Guide Task: Explain the basic makeup application steps and identify at least five safety guidelines (e.g., hygiene, skin testing, tool sanitation, product checking, avoiding cross-contamination). Group Task: Basic Makeup Application Demonstration Task: As a group, perform a basic makeup application (e.g., natural day makeup). Show proper techniques while strictly observing safety and hygiene standards such as: - Sanitizing brushes and tools - Skin preparation and consultation - Proper product application - Safe removal practices	
3rd TERM		
Performance Standard	The learners perform hairstyling following safety guidelines in hairstyling services.	
Content Standard	The learners demonstrate an understanding of the principles, knowledge, skills, and attitude in hairstyling.	
Week	Learning Competency	Suggested Activities
1-2	Discuss the of basic hairstyling	Activity 1: Practical Makeup Lab Task: Apply basic makeup (foundation, eyes, lips) on a model or mannequin following hygiene and safety rules. Activity 2: Peer Feedback on Makeup Task: Provide constructive feedback to classmates on

Week	Learning Competency	Suggested Activities
		makeup application technique and safety adherence.
3-4	Explain the function and use of hairstyling tools equipment, accessories, and consumables	Activity 1: Hairstyling Principles Discussion Task: Discuss the fundamentals of hairstyling and its role in client satisfaction. Activity 2: Hairstyling Observation Task: Watch hairstyling demonstration videos and list the key techniques observed.
5	Discuss the preparation techniques for hairstyling services	Activity 1: Tools Hands-On Identification Task: Examine hairstyling tools, accessories, and consumables, and explain their proper use. Activity 2: Tools Matching Exercise Task: Match hairstyling tools to their correct function or hairstyling technique.
6-10	Perform hairstyling technique	Activity 1: Preparation Demonstration Task: Observe and demonstrate client consultation, hair washing, and sectioning steps before styling. Activity 2: Hairstyling Prep Practice Task: Practice hair preparation techniques on mannequins following standard procedures.
11	Discuss the different hairstyling services according to client needs.	Activity 1: Practical Hairstyling Lab Task: Perform a basic hairstyle such as braiding, curling, or updo on a mannequin or model. Activity 2: Peer Assessment Task: Evaluate classmates' hairstyling technique using a rubric for accuracy, neatness, and safety.

Suggested Performance Task	• Individual Performance Task: Hairstyling Technique Guide Task: Choose one hairstyling technique (e.g., blow-drying, curling, braiding, straightening, updo). Describe the step-by-step procedure and list the tools and products needed. • Group Task: Basic Hairstyling Demonstration Task: As a group, perform a hairstyling activity using a chosen technique. Demonstrate proper use of tools, sectioning of hair, styling process, and finishing touches.
