

HOTEL OPERATIONS (FRONT OFFICE SERVICES)

TECHNICAL-PROFESSIONAL

Grade 12

**Three-Term Budget Of Work (BOW)
for Learning Competencies**

**TECHNICAL-PROFESSIONAL
HOSPITALITY AND TOURISM
Grade 12**

**Three-Term Budget of Work
For Learning Competencies**

Please note that each Tech-Pro elective is completed within one term if delivered at Grade 12.

Elective	Hotel Operations (Front Office Services)
Prerequisite	None

Performance Standard	The learner will create an organizational chart for the front office department, detailing the roles and responsibilities of front office personnel.
Content Standard	The learner demonstrates an understanding of the hotel front office and its organization and the importance of occupational safety and health standards in hotel operations.

Week	Learning Competency	Suggested Activities
1	Discuss the overview of the hotel front office and organization.	Activity 1: Front Office Overview Report Task: Write a report summarizing the roles, functions, and importance of the hotel front office in overall operations. Activity 2: Front Office Presentation Task: Create a visual presentation outlining the structure and functions of a hotel front office.

Week	Learning Competency	Suggested Activities
	Apply the principles of service quality and guestology	Activity 1: Service Quality Reflection Task: Write a reflection on the principles of service quality and guestology and how they affect guest satisfaction. Activity 2: Guest Interaction Simulation Task: Simulate guest interactions demonstrating proper guestology and service quality principles.
2	Explain the organizational structure and personnel's duties and responsibilities.	Activity 1: Organizational Structure Report Task: Prepare a report detailing the front office organizational structure and responsibilities of each personnel. Activity 2: Organizational Chart Creation Task: Create an organizational chart of a hotel front office and explain the duties of each position.
	Describe the various areas of the front office and operational structure.	Activity 1: Front Office Area Study Task: Write a description of the different areas in the front office and their operational roles. Activity 2: Operational Layout Simulation Task: Create a mock layout of front office operations showing workflow between areas.

Performance Standard	The learners perform stages of guest cycle.
Content Standard	The learners demonstrate understanding on guestrooms, hotel guest cycle, and reservations.

Week	Learning Competency	Suggested Activities
3	Categorize different guestrooms, amenities, safety and security measures, technology and cultural considerations in a guestroom	Activity 1: Guestroom Analysis Task: Categorize types of guestrooms and identify amenities, safety features, and cultural considerations. Activity 2: Guestroom Presentation Task: Present different types of guestrooms with emphasis on technology, safety, and cultural factors.

Suggested Performance Task	Individual Performance Task: Housekeeping Form Review Task: Choose one housekeeping form (e.g., room inspection checklist, maintenance report, linen inventory sheet). - Explain its purpose and how it helps in monitoring and evaluating housekeeping operations. Group Task: Safety Hazard Identification Activity Task: As a group, list at least five common safety hazards in housekeeping (e.g., wet floors, chemical exposure, heavy lifting, sharp objects, electrical issues). - Provide the correct safety practices or preventive measures for each hazard.
-----------------------------------	---

Performance Standard	The learners perform stages of the guest cycle.
Content Standard	The learners demonstrate understanding on guestrooms, hotel guest cycle, and reservations.

Week	Learning Competency	Suggested Activities
4	Demonstrate the different guest cycle in a hotel	Activity 1: Guest Cycle Report Task: Write a report explaining each phase of the guest cycle from pre-arrival to post-departure. Activity 2: Guest Cycle Simulation Task: Simulate the complete guest cycle including check-in, stay, and check-out processes.
5	Analyze the various types of reservations, reservation systems and technology, and reservation process and policies.	Activity 1: Reservation Analysis Task: Write a report comparing different types of reservation systems, technologies, and policies. Activity 2: Reservation Simulation Task: Simulate handling different types of reservations using a mock reservation system.

Performance Standard	The learners demonstrate billing procedures, cashiering functions, payment processing methods
Content Standard	The learners demonstrate understanding on guest accounting and cashiering, night audit and yield management.

Week	Learning Competency	Suggested Activities
6	Explain the importance of guest accounting and cashiering.	Activity 1: Guest Accounting Report Task: Write a report explaining the purpose of guest accounting, billing, and cashiering procedures. Activity 2: Billing Simulation Task: Simulate guest check-out including billing, cashiering, and proper accounting procedures.
7	Demonstrate a step-by-step understanding of night audit procedures.	Activity 1: Night Audit Report Task: Prepare a step-by-step guide explaining the night audit process and its importance in front office operations. Activity 2: Night Audit Simulation Task: Perform a mock night audit, recording transactions and preparing reports.

8	• Apply the principles of yield management.	• Activity 1: Yield Management Case Study ○ Task: Analyze a case study to demonstrate understanding of yield management principles in hotel operations. • Activity 2: Yield Management Exercise ○ Task: Create a plan to optimize room revenue using yield management strategies.
---	---	--

Suggested Performance Task	Individual Performance Task: • Pricing Adjustment Exercise ○ Task: Given a sample hotel room with changing demand (low, medium, peak season), set three different room rates using yield management principles. ○ Explain briefly why each rate is appropriate for its demand level. Group Task: • Yield Management Simulation ○ Task: As a group, manage a mock hotel with 10 rooms for one week. You will: ■ Set daily room rates ■ Adjust prices based on demand scenarios (e.g., events, weekends, low demand days) ■ Track occupancy and revenue
-----------------------------------	---

Performance Standard	The learners perform procedures in preparing coffee based and non-coffee-based beverages based on the industry practices
Content Standard	The learners exhibit customer service relation skills.

Week	Learning Competency	Suggested Activities
9	Explain the importance of private branch exchange and uniformed service in hotel front office operations.	Activity 1: PBX and Uniform Service Report Task: Write a report explaining the role of PBX and uniformed service in enhancing guest experience. Activity 2: PBX & Service Simulation Task: Simulate PBX handling and uniformed service scenarios to demonstrate proper communication and guest assistance.
10	Demonstrate techniques for handling guest complaints.	Activity 1: Complaint Handling Reflection Task: Write a reflection identifying proper techniques for handling guest complaints effectively. Activity 2: Complaint Role-Play Simulation Task: Simulate handling various guest complaints, demonstrating professional and courteous resolution techniques.

Suggested Performance task	Individual Performance Task: • Complaint Response Script ○ Task: Choose one sample guest complaint (e.g., noisy room, delayed service, wrong order). ○ Write a short response script demonstrating proper techniques: ■ Active listening ■ Empathy ■ Apology ■ Offering solutions Group Task: • Complaint Handling Role-PlayTask ○ In pairs or groups of three, perform a role-play of a guest complaint scenario. ○ Show effective techniques such as acknowledgment, calm communication, solution offering, and follow-up.
